GENERAL CONDITIONS

In accordance with Executive Order 237, the State Office of Minority and Women Business Assistance (SOMWBA) shall certify non-profit organizations (NPOs) as minority-controlled, and include them as such on the SOMWBA list of minority business enterprises (MBEs). Such certification shall be granted NPOs that fulfill the following criteria:

(a) No NPO shall be certified unless it has filed for and been granted tax-exempt status from the Internal Revenue Services of the United States of America under Section 501 c(3) or 501 c(4) of the Internal Revenue code, and can produce evidence of such status with its application.

(b) No NPO shall be certified unless it is a corporation duly formed under the laws of Massachusetts, including Chapter 180 and other applicable provisions of the laws of Massachusetts. If an NPO is not a duly formed Massachusetts non-profit corporation, it must be a duly formed non-profit corporation under the laws of one of the United States of America or of a foreign country, and be lawfully registered as a foreign non-profit or charitable corporation in the Commonwealth of Massachusetts.

(c) To be considered an NPO covered by Executive Order 237, an NPO must also have fifty-one percent or more of its members who may elect the board of directors/ trustees and/or who are entitled to vote on a dissolution of the organization be minorities as defined in 425 CMR 2.02 and also fifty-one percent or more of its board of directors/trustees must be minorities as so defined. The organizational minutes must reflect the active control and participation of the minority members of the board. Where an organization has no membership other than those persons who serve on its board of directors/trustees, the test of fifty-one percent of minority membership shall be applied only to its board of directors. A non-profit minority-controlled organization shall be independent of control or substantial influence by a majority non-profit or profit organization. In addition, the minority members must exercise active control over and participate in financial planning and policy and set and monitor the standards for the day-to-day financial activities of the corporation. This control over financial as well as management affairs must be reflected in the minutes of the corporation's meetings.

(d) An NPO shall not be certified by SOMWBA for inclusion on the list of certified non-profit organizations, nor on the list of profit-making organizations until it has sustained itself for at least six months from the date of its incorporation.

Any applicant organization who knowingly provides false or misleading information to SOMWBA for the purpose of obtaining certification shall cause this application to be rejected and certification to be denied, and the organization may not reapply to SOMWBA for a period of two years following the date of notice of rejection.

Organizations which are certified after March 30, 1989 will be listed in The Directory addenda (Published Quarterly).

Inclusion in this 1989–90 Directory does not necessarily constitute an endorsement of an organization's services by the Massachusetts State Office of Minority and Women Business Assistance. Exclusion of any organization which has been certified as a bonafide Minority Non–Profit Organization is not intentional, nor should be construed to reflect adversely upon the reputation of the organization.

However, organizations listed in this Directory may be deleted when they cannot be located through the postal system or by telephone after every effort has been made to obtain the organization's current location. We therefore encourage all organizations to provide us with any change in address or telephone number within thirty days of a change.
